President's Corner

We will have our October meeting this Saturday and I hope you can attend. At this meeting our 2022 EAA Chapter 6 President Pat Flowers will make a presentation. In addition we will show the EAA Chapter video for October and perhaps even September as that meeting was cancelled.

EAA is a very important organization for general aviation as they work closely with the government on flight and maintenance policy. Your support is vital to their success. I personally am involved with Vintage Aircraft Association (VAA) which is an affiliate of EAA and focuses on aircraft prior to 1970. If you have any input or questions about EAA, VAA, or AirVenture, please attend so we can discuss.

Hope to see you at the meeting this Saturday at 10 AM,

Dan
